Monday, March 23rd	Tuesday, March 24th	Wednesday, March 25th	Thursday, March 26th	Friday, March 27th
<p>1. Complete levels 1 – 2 on Poggles</p> <p>2. Find five different objects in your house. Show your child different quantities of the items. Ask your child to write the number of items there are. Then, show a number up to 5. Ask your child to make a group of that many items.</p>	<p>1. Complete levels 3 – 4 on Poggles</p> <p>2. Gather two sets of five household items. Line some of them up on a table in two groups of different quantities. Ask your child to count and tell how many are in each set. Have your child point to the set that has the greater number of objects. Then ask your child to point to the set with the number of objects that is less. Change the number in each group and repeat the activity.</p>	<p>1. Complete levels 5 – 6 on Poggles</p> <p>2. Show your child a number between 6 and 10. Have your child write the number. Then, have your child make a group of that many objects with buttons or pennies. Repeat the activity using a different number each time.</p>	<p>1. Complete levels 7 – 8 on Poggles</p> <p>2. Invite your child to act out addition word problems within 5. For example, your child can show you 3 socks, add 2 more socks, and then tell you the addition sequence. $3 + 2 = 5$ Look for other objects that can be used to represent addition word problems.</p>	<p>1. Complete levels 9 – 10 on Poggles</p> <p>2. Gather 10 buttons and 10 pennies. Line them up in groups of different quantities. Ask your child how many are in each set, and if there are more buttons or pennies. Change the number in each set and repeat the activity.</p>
